AUSTRALIAN DENTAL JOURNAL

INDEX

Volume 50, Numbers 1-4

2005

A

ABBOTT PV, HARGREAVES K. See Hargreaves K, Abbott PV.

ABELA D, HOWE AM, OAKES DA, WEBSTER WB. Maternal antioxidant supplementation does not reduce the incidence of phenytoin-induced cleft lip and related malformation in rats. Suppl 1:S3

ACCESS SERVICES
Kruger E, Tennant M. Accessing government subsidized specialist oral and maxillofacial surgery services in Western Australia. 168

ACIDIC BEVERAGES
Seow WK, Thong KM. Erosive effects of common beverages on extracted premolar teeth. 173

ACIDULATED PHOSPHATE FLUORIDE GEL
Saunders JGC, McIntyre JM. The ability of 1.23% acidulated phosphate fluoride gel to inhibit simulated endogenous erosion in tooth roots. 263

ADULTS
Hopcraft M, Morgan MV. Dental caries experience in Australian Army recruits 2002-2003. 16

AFRICAN TRADITIONAL MEDICINE
Johnston NL, Riordan PJ. Tooth follicle extirpation and uvulectomy. 267

AIRWAY
Uluibau IC, Jaunay T, Goss AN. Severe odontogenic infections. Suppl 2:S74

AMALGAM
Tyas MJ. Placement and replacement of restorations by selected practitioners. 81

ANALGESICS
Hargreaves K, Abbott PV. Drugs for pain management in dentistry. Suppl 2:S14

ANGKASA F, DUONG C, HO D, LEGUDI S, PHAM K, WELSH A, DARBY IB. See Darby IB, Angkasa F, Duong C, Ho D, Legudi S, Pham K, Welsh A.

ANTIBIOTIC PROPHYLAXIS
Ching M, Straznicky I, Goss AN. Cardiac murmurs: echocardiography in the assessment of patients requiring antibiotic prophylaxis for dental treatment. Suppl 2:S69
Lawler B, Sambrook PJ, Goss AN. Antibiotic prophylaxis for dentoalveolar surgery: is it indicated? Suppl 2:S54
Scott JF, Morgan D, Avent M, Graves S, Goss AN. Patients with artificial joints: do they need antibiotic cover for dental treatment? Suppl 2:S45
Singh J, Straznicky I, Avent M, Goss AN. Antibiotic prophylaxis for endocarditis: time to reconsider. Suppl 2:S60

ANTIBIOTICS
Uluibau IC, Jaunay T, Goss AN. Severe odontogenic infections. Suppl 2:S74

ANTIFUNGAL AGENTS
McCullough MJ, Savage NW. Oral candidosis and the therapeutic use of antifungal agents in dentistry. Suppl 2:S36

ANTIVIRAL AGENTS
McCullough MJ, Savage NW. Oral viral infections and the therapeutic use of antiviral agents in dentistry. Suppl 2:S31

ANXIETY
Vickers ER, Boocock H. Chronic orofacial pain is associated with psychological morbidity and negative personality changes: A comparison to the general population. 21

ARMFIELD JM. Australian Research Centre for Population Oral Health. High caries children in Australia: a 'tail' of caries distribution. 204

ARMY
Hopcraft M, Morgan MV. Dental caries experience in Australian Army recruits 2002-2003. 16

ARORA M, KENNEDY BJ, RYAN CG, WALKER DM, CHAN SWY. The spatial distribution of lead in teeth as a biomarker of prenatal and neonatal lead exposure. Suppl 1:S3

ARTIFICIAL JOINTS
Scott JF, Morgan D, Avent M, Graves S, Goss AN. Patients with artificial joints: do they need antibiotic cover for dental treatment? Suppl 2:S45

ASHMAN RB, FARAH CS. The role of antigen-presenting cells in regulation of immune responses against *Candida albicans* infection. Suppl 1:S4

ASHMAN RB, SEYMOUR GJ. Genetic regulation of *Porphyromonas gingivalis* infection. Suppl 1:S5

ASSESSMENT TOOL
Chalmers JM, King PL, Spencer AJ, Wright FAC, Carter KD. The Oral Health Assessment Tool – Validity and reliability. 191

ATKINSON HF. Changes in South Australian children's caries experience. (Letter.) 130

ATRAUMATIC RESTORATIVE TREATMENT
Hu JY, Chen XC, Li YQ, Smales RJ, Yip KH. Radiation-induced root surface caries restored with glass-ionomer cement placed in conventional and ART cavity preparations: Results at two years. 186.

AUSTRALIA
Parashos P, Messer HH. Uptake of rotary NiTi technology within Australia. 251
Tennant M, Carrello C, Kruger E. Fund allocation within Australian dental care: an innovative approach to output based funding. 224

AUSTRALIAN ABORIGINAL HEALTH
Littleton J, Townsend GC. Linear enamel hypoplasia and historical change in a central Australian community. 101

AUSTRALIAN DENTAL RESEARCH FOUNDATION
Research Grant Abstracts
Abela D, Howe AM, Oakes DA, Webster WB. Maternal antioxidant supplementation does not reduce the incidence of phenytoin-induced cleft lip and related malformation in rats. Suppl 1:S3
Arora M, Kennedy BJ, Ryan CG, Walker DM, Chan SWY. The spatial distribution of lead in teeth as a biomarker of prenatal and neonatal lead exposure. Suppl 1:S3
